## Awakening The Genie Within (Chapter #10) WORKSHEET #5A – LIFE VALUES – SATISFACTION FROM AN ORGANIZATION

Name:	Name of Organization:	
	-	

**Instructions:** The purpose of this worksheet is to identify your expectations from this organization in meeting the needs arising from each of your top 10 life values. You will not expect this organization to meet all your needs and wants; some of them will be satisfied through other sources. Try to be realistic about your expectations.

List your top ten Life Values from Worksheet #2 under the column marked **VALUE**. Then, under the column marked **Exp** for **This Org.** rank your expectation (on a scale from 1 to 10) in meeting each need or want. A rating of 1 is little to no expectation and 10 is the maximum expectation. An expectation rating of 5 or higher means that you expect this organization to be a significant source in meeting that need.

Finally, under the column marked **Act** for **This Org.**, rank how well it is meeting your expectations, using the same scale. The other columns are for your own use. These headings may be changed, and the columns completed on your own time.
